A message from the Director, U.S. Census Bureau...

The U.S. Census Bureau will be conducting the 2016 Government Units Survey (Form GUS-1) in preparation for the 2017 Census of Governments. In a few weeks, we will send a formal request to all county, municipal, township, and special district governments to participate in this survey. This survey gathers information on the basic characteristics of all local, general purpose, and special district governments. Government analysts use this information to update the universe of all county, municipal, township, and special district governments and produce the official count of local governments in the U.S. This survey is an integral part of maintaining the frame from which all public sector surveys are drawn. Responding to this survey in a timely manner helps us process data more efficiently, and save taxpayer money by reducing follow-up contacts.

The Census Bureau conducts and requests your voluntary assistance under the authority of Title 13 U.S.C., Section 161; and Title 13 U.S.C., Section 193. We estimate this survey to take an average of 15 minutes to complete. On the back of this letter you will find disclosure descriptions regarding the Office of Management and Budget number; authority and confidentiality; and burden estimate statement. **When you receive the formal request, please read the instructions and complete your survey online by the due date on the log-in screen. You can complete the form and return it.**

Information you provide compiled from or customarily provided in public records are exempt from confidential treatment as cited in Title 13 U.S.C., Section 9(b).

Thank you in advance for participating in the 2016 Government Units Survey. If you feel that this letter has reached you in error or if you have any other questions, please call (1-888) 369-3613 and choose option 4, or contact us by email at esmd.gus.psfcb@census.gov.

Sincerely,

John H. Thompson
Director

Subject: PA 269 (SB 571)

Hello Ken,

I have heard a good deal of feedback from my local government officials and school districts in regard to legislation which sought to ensure that no taxpayer money was being spent in advocating for various millage and taxation questions.

In order to clarify what state law does and does not allow, new legislation is pending in the House which would reiterate that local governments and schools can publicize both ballot language and plain language descriptions in advance of a proposal appearing on the ballot. Advocacy activities would remain prohibited as they were prior to the initial legislation late last year. In addition, a provision speaking to additional rules at 60 days prior to an election is removed in the House version.

My colleagues in the House expect to see this legislation before us next week and I will vote for its passage.

Warm regards,

Joel Johnson
