Police • Fire • Hospital  
**911**

**Clare Tunnel**

### Pere Marquette Rail-Trail

Since its opening in 1993, the Pere Marquette Rail-Trail of Mid-Michigan has been used extensively by people of all ages for walking, running, bicycling and in-line skating. It has also been used for transportation to work, shopping, and recreational events. Family use has been particularly evident, as well as use by both senior citizens and youth.

The Rail-Trail protects the historical integrity of the old Flint & Pere Marquette Railway, including its unique bridges. It provides access to rivers, parks and historical areas.

The Rail-Trail stretches from downtown Midland through downtown Clare, and continues again west of Clare at the Moose Lodge. Plans are underway to pave the trail to Lake.
